

## KONA EV Feature Details

Description	Description
<b>Safety</b>	7 Inch Floating Touch Screen Infotainment System
Electro Chromatic Mirror (Ecm)	60/40 Split Rear Seat
Reverse Parking Sensor With Camera	Leather Wrapped 3 Spoke Steering Wheel
Electric Parking Brake (EPB) With Autohold	Tweeter
6 Airbags (Front & Side + Thorax & Pelvis)	Rear Arm Rest With Cup Holder
Immobilizer	<b>Comfort &amp; Convenience</b>
Rear Defogger With Timer	Power Seats (Driver & Passenger)
Daytime Running Light (DRL)	Lumbar Support (Driver)
Anti Lock Braking System (Abs)	Heated & Ventilated Seats (Front)
Tire Pressure Monitoring System (Tpms)	Rain Sensing Wiper
Electronic Stability Control (Esc)	Wireless Charger (Phone)
<b>Exterior</b>	Usb Charger
Two Tone Body Color	Smart Phone Connectivity (Apple Car Play & Android Auto)
Led Positioning Lamps	Drive Mode Select (Economy, Comfort & Sports)
Led Lamps (Front & Rear)	Motor Driven Power Steering
Led Headlamps With Static Bending	Tilt & Telescopic Steering
Rear Roof	Steering Mounted Audio Control With Bluetooth & Voice Recognition
Rear Spoiler With High Mount Stop Lamp	Auto Light Control
Electrically Adjustable And Foldable Outside Mirror	Auto Window Defogger
17 Inch Alloy Wheels	Smart Key & Push Button Start
<b>Interior</b>	Hill Assist Control (HAC)
Leather Seats	Automatic Climate Control With Pollen Filter
7 Inch Led Supervision Cluster	
Front Map Lamp & Central Room Lamp	

## Specifications

Type	Regular Range	Long Range
Motor Type	Permanent-magnet synchronous motor (IPMSM)	
Battery Capacity (kWh)	39.2	64
Range	312 km	482 km
Max. Power (kW)	100	150
Max. Torque (Nm)	395	395
Max. Speed (km/h)	155	167
<b>Suspension</b>		
Front	McPherson strut type	
Rear	Multi-Link Type (2WD)	
<b>Wheel &amp; Tire</b>		
Wheel	7.0J x 17 alloy wheel	
Tire	215/55R17	
<b>Board Space (L)</b>	332/1114 (Min/Max)	
Battery Power (kW)	113	
Ground Clearance (mm)	158	
Minimum Turning Radius (m)	5.3	
Gross Vehicle Weight (kg)	2020	
Kerb Weight (kg)	1535/1593 (Lightest/Heaviest)	1655/1743 (Lightest/Heaviest)

### Exterior colors

- Some of the equipment illustrated or described in this catalogue may not be supplied as standard equipment and may not be available at extra cost.
- Laxmi Inter-Continental Pvt. Ltd. reserves the right to change specifications and equipment without prior notice.
- Please consult your dealer for full information and availability on colours and trim.

## Dimensions

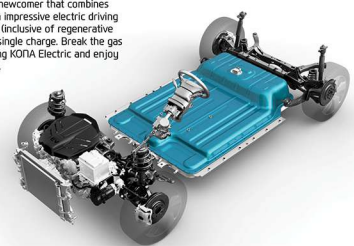

Wheel track: 1564 / 1500 | Wheel base: 2480 / 4,80 | Wheel track: 1575 / 1,800

## You Charge It

Introducing the ground-breaking KONA Electric, the uncompromising newcomer that combines bold, roomy SUV with impressive electric driving range of over 482km (inclusive of regenerative braking effect) on a single charge. Break the gas station habit by driving KONA Electric and enjoy the ultimate freedom.

**Permanent-magnet synchronous motor**  
The high voltage electric motor delivers an impressive 150kW of power with a maximum torque of 395Nm for instant and impressive acceleration.

**64kWh lithium-ion polymer battery**  
The increased power density of this advanced battery delivers more performance and greater driving range. The battery is located low in the chassis for better handling characteristics.

**Electric Power Control Unit**  
EPCU, the brain behind Kona Electric, is programmed to perform highly complex tasks regulating the various electrical and electronic systems and sub-systems such as the AC/DC Inverter, Low Voltage DC-DC Converter and Vehicle Control Unit.

**In-Cable Control Box (ICCB) charging cable**  
Recharge your Kona Electric practically anywhere. It's designed to connect to a standard 3 Pin wall socket and will recharge Kona Electric using household AC current.

## You lead the way

Why follow the crowd when you can blaze your own trail with KONA Electric? With its unique closed-off front grille and futuristic 17" alloy wheels, KONA Electric looks different because it is different. Inside and out, it's packed with innovative technologies starting with its lithium-ion batteries that are liquid-cooled to ensure optimal performance and efficiency. Its batteries can be recharged up to 80% of capacity in 54 minutes with Level III (100kW DC fast charging station) for minimal downtime.

## You're in full control

Everything you need is right at your fingertips: switch between Drive, Neutral, Reverse and Park with a simple press of the button on the center console. The central gauge cluster is all-digital for quick and intuitive checking of key functions. Paddle shifters on the steering column offer fingertip control over the level of regenerative braking by sending more power to the wheels for quicker acceleration or to the battery for higher efficiency.

## You fit it

Designed to fit everything you and your busy life can throw at it. The versatile KONA offers plenty of room for both passengers and cargo—it is amongst the best in class for leg, shoulder and headroom. And the wide-opening rear hatch and low load height makes loading quick and hassle-free. A compact SUV that doesn't compromise on space, KONA also delivers an outstanding trunk capacity of 332 litres. It's also simple to adjust: you can fold down the rear seats in seconds with a single touch. And with the seats folded flat, you have a roomy 1,114 litres of space—perfect for weekend escapes.

## Safety

The all-new KONA benefits from superior rigidity through the use of advanced high strength steel and high impact energy absorption that protects passengers in the event of a collision. The structure of the cabin is designed to disperse energy in the event of a collision, therefore reducing impact to occupants.
